

Grower survey

Flood affected banana growers

Northern NSW

The ABGC is aware of the impact flooding and severe weather is having on our northern NSW banana growers. We continue to work with the NSW Government in the recovery efforts. To ensure our growers needs are addressed in the recovery phase we are seeking feedback about the impacts, and invite you to complete and return the following survey.

Your Details (name and location)

On Farm Impacts

Did you experience crop damage? Please describe (% of plants lost etc)

Did the flooding impact your ability to harvest? What harvest delays did you experience?

What other infrastructure was impacted by the flooding (access roads, bridges, culverts, buildings)?

Off Farm Impacts

Were there impacts to public roads and bridges that provide access to your farmgate? Please describe.

Other

Please take this opportunity to let us know if there are any other issues that need to be raised with the ABGC (eg. input prices, access to plant material)

**Please return completed surveys to info@abgc.org.au
If you wish to discuss any of the above, please call the ABGC
head office on 07 3278 4786.**
