CONNECT WITH AUSTRALIA'S BANANA INDUSTRY

If you want to reach growers and decision makers in Australia's largest single horticulture industry, Australian Bananas magazine should be top of your advertising list.

Australian Bananas is the premier publication for the banana industry. As the voice of this dynamic industry, you'll find a copy in the homes and businesses of those involved, right across the nation.

ABOUT THE MAGAZINE

A full-colour, glossy magazine, Australian Bananas is produced three times a year by the Australian Banana Growers' Council. It has a circulation of roughly 1000 print copies per edition and is distributed by direct mail. The magazine is also published and promoted online.

Australian Bananas is jam-packed with valuable industry information, news, analysis and features. It is the only publication designed and written specifically for those involved in the Australian banana industry. Our audience includes growers, researchers, scientists and those along the banana supply chain.

This magazine is read cover-to-cover, kept for future reference and shared among friends - ensuring strong exposure for your business by the people who need to see it.

Editorial direction is led by ABGC Communications Manager Sonia Campbell, a former journalist with decades of experience across a range of major news outlets.
